www.madhumithaa.xyz

Loves experimenting with code, teamwork and challenging opportunities. Has good knowledge in HTML, CSS and JavaScript. Currently learning React. Definitely can't write my own code, I mostly copy & paste. But ya, "Every Boss Started As A Worker". I am definitely not the best, but try me!!!

EXPERIENCE

GoldNBell Solutions, Chennai - Web Developer

OCT 2019 - DEC 2019

- Creating web sites according to the given design.
- Understand the client's need and work accordingly.

Technologies worked on: HTML, CSS, JavaScript, Git.

NSIC, Chennai - Raspberry Pi Internship Trainee

SEP 2019 - SEP 2019

- Building mini projects according to the given requirements.
- Exploring what tech can do along with code.

Technologies worked on: Raspberry Pi, Python.

PROJECTS

App For Alzheimer Patients

An android app to help people suffering from alzheimer's disease to make their life easier.

Tech Stack: Android, Firebase

Website For IET-CLN Conference

A website built for a national conference.

Tech Stack: HTML, CSS, JavaScript

Website For ACM-ICPC

A website built for a coding competition conducted by ACM-ICPC in our college.

Tech Stack: HTML, CSS, JavaScript

Orphanage Resource Locator

An android app for users to find nearby orphanages and donate to them. The orphanage management can also post their needs so that donors can donate them.

Tech Stack: Android, Firebase

EDUCATION

Hindustan Institute of Technology and Science

B.Tech CSE (Engineering) 2017 - present

Madras Christian College Higher Secondary School

HSC (12th grade) 2016 - 2017

Madras Christian College Higher Secondary School

SSLC (10th grade) 2014 - 2015

ACHIEVEMENTS & INVOLVEMENTS

- Involved in inter and intra cultural events, competitions and hackathons and have won prizes.
- Willingly participated in workshops.

I am a self taught programmer. I worked for experience rather than a certificate. I don't have any certificates to prove my skills but I do have the experience, knowledge and the projects.
